Week 6 Instructions: English

May 11 – May 15

Hello Grade 7!

Everyone should have their INS results returned by email. I am really impressed with the effort, creativity, technical perseverance and thought that went into your work. Congratulations! To celebrate let's take a few field trips this week!

While we travel, we'll make some notes and next week you'll be asked to write a persuasive paragraph convincing others to visit your favourite place – virtually of course.

I've broken down this week's activities into the Ketchup, (The background or catch up work you'll need to do or something leftover from last week.) Mustard (The must do work for the week.) and Pickle (You can pick an extra item or more if you have time.)

Can't wait to travel (virtually) with you!
